The Honorable Board of Supervisors
County of Los Angeles

Los Angeles, CA 90012

Dear Supervisors:

ZERO-TOLERANCE GRAFFITI ABATEMENT PROGRAM SUPERVISORIAL DISTRICTS 1, 2, AND 4 3 VOTES

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that these graffiti abatement services are categorically exempt from the California Environmental Quality Act (CEQA).
2. Find that graffiti abatement services can be more economically performed by independent contractors than by County employees.
3. Approve the enclosed Master Agreement (Enclosure A) for "2003 - Graffiti Abatement Program" to be executed with the various contractors listed on Enclosure B at the specified annual rates of compensation, for a contract period of one year commencing on July 1, 2003, with two 1-year renewal options, not to exceed a total contract period of three years.
4. Delegate authority to the Director of Public Works to execute individual contracts under this Master Agreement with each contractor listed on Enclosure B, and to renew each contract for the two 1-year renewal options, if, in the opinion of the Director, renewal is warranted; and to terminate any or all of the contracts in accordance with their terms, if, in the Director's opinion, it would be in the best interest of the County to do so.

5. Authorize Public Works to encumber the annual amounts specified on Enclosure B for each of the 10 individual contracts, an aggregate annual amount that will not exceed \$827,400.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Since 1997, the County has been contracting for graffiti removal services under the Zero-Tolerance Graffiti Abatement Program. Award of these contracts will continue this program in Supervisorial Districts 1, 2, and 4. This program is designed to remove graffiti quickly and as often as necessary to keep the zones graffiti free. A prompt cleanup is considered preventive from the standpoint that if the marks do not remain for long periods, vandals' satisfaction from seeing their marks and having others see them is limited. The potential for fame and recognition, a key motivator for graffiti vandals, is directly impacted when the graffiti is quickly removed or buffed out. In severely affected areas, cleanups are essential components of fighting the downward spiral of neighborhood deterioration.

Implementation of Strategic Plan Goals

This action meets the County's Strategic Plan Goals of Fiscal Responsibility, Organizational Effectiveness, and Children and Families' Well Being. These contracts will improve internal operations through the utilization of these contractors' expertise to effectively provide this service in a timely, responsive, and cost-effective manner. In addition, this cleanup program will affect the well being of all living in the affected areas. Prevention and timely removal of graffiti addresses urban blight and enhances the quality and attractiveness of neighborhoods for residents and businesses.

FISCAL IMPACT/FINANCING

These contracts are for an aggregate amount not to exceed \$827,400 annually. Funds for the contracts' first year are available in Public Works' 2003-04 Road Program Budget as well as the Public Ways, Public Facilities General Fund. Graffiti removal costs that are eligible will utilize block grants received from the Community Development Commission.

Each individual contract will be for an initial period of one year commencing on July 1, 2003. Thereafter, the Director may renew the contracts from year to year for a total contract period not to exceed three years. In any event, any one or all of these contracts may be canceled or terminated at any time by the Director, without cause, upon the giving of at least 30 days' written notice to the contractor(s). These contracts also allow termination, should funds not be appropriated for a future fiscal year.

Based on the Auditor-Controller's guidelines for determining the cost-effectiveness of Proposition A contracts, Public Works has determined that graffiti abatement in the specified zones can be more economically performed by independent contractors than by County employees (It should be noted that, were Public Works' staff to perform the contract work, two-person teams would be used to ensure the safety of our employees, since some individuals and groups may view graffiti abatement work as hostile activity.)

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This graffiti abatement service is being contracted in accordance with procedures authorized under County Charter Section 44.7, Part 3, and Chapter 2.121 (Contracting with Private Businesses) of the Los Angeles County Code.

Public Works has evaluated and determined that these contractors comply with the requirements of the Living Wage Program (Los Angeles County Code Chapter 2.201) and agree to pay their full-time employees providing County services a living wage.

The enclosed sample contract (Enclosure A) will be utilized for each graffiti zone contract. Prior to execution by the Director of Public Works, each contract will be properly signed by the contractor and approved as to form by County Counsel.

Public Works has confirmed that the Child Support Services Department has received the contractors' Principal Owner Information forms in compliance with the Los Angeles County Code Chapter 2.200 (Child Support Compliance Program).

ENVIRONMENTAL DOCUMENTATION

These services are categorically exempt from the CEQA as specified in Class 1 of the Environmental Document Reporting Procedures and Guidelines adopted by your Board on November 17, 1987, Synopsis 57.

CONTRACTING PROCESS

On March 19, 2003, Public Works solicited proposals from 179 independent contractors and general community business organizations to accomplish this work. Also a notice of proposal availability was placed on the County's bid website (Enclosure C) and advertisements were placed in the Los Angeles Times.

On April 14, 2003, five proposals were received for graffiti abatement zones 1A, 1B, 2A, 2B, and 2D, and four proposals for each of the remaining five zones. The proposals were

first reviewed to ensure that they met the mandatory requirements outlined in the Request for Proposals. All proposals met these mandatory requirements and were then evaluated by an evaluation committee consisting of Public Works' staff and a representative of the Sheriff's Department. The committee's evaluation was based on criteria outlined in the solicitation document which included proposers' technical competence, record of past performance, approach to work, and cost. Based on this evaluation, it is recommended that the contractors named on Enclosure B be awarded contracts for the zero-tolerance zones indicated.

Enclosure D reflects the proposers' minority participation. The contractors were selected upon final analysis and consideration without regard to race, creed, gender, or color.

The required Comprehensive General and Automobile Liability Insurance certifications, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractors before any work commences.

As requested by your Board, the contractors submitted safety records that, in our opinion, reflect that activities they conducted in the past have met reasonable standards of safety.

Public Works has accessed available resources to review and assess the proposed contractors' past performance, history of labor law violations, and any negative experience with County contracts.

These contracts contain Board-ordered terms and conditions regarding notification to current and new employees about the Federal-earned income tax credit, agreement to maximize the use of recycled paper products, the Contractor Employee Jury Service Program, contractor responsibility and debarment, nonpayment for services received after expiration or termination of a contract, and the Safely Surrendered Baby Law.

In accordance with the Chief Administrative Officer's June 15, 2001, instructions, this is Public Works' assurance that the contractors will not be required to perform services that exceed the contracts' approved amount, scope of work, and/or terms.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees.

SCOPE OF WORK**A. Background**

During the past four years, Public Works has successfully carried out the Board of Supervisors' policy of establishing "zero-tolerance" graffiti abatement zones in unincorporated and incorporated areas of the County. The Graffiti Abatement Program is designed to remove graffiti quickly and as often as necessary to keep the designated zero tolerance zones free of graffiti.

A prompt cleanup is considered preventive from the standpoint that if the marks do not remain for long periods, vandals' satisfaction from seeing their marks and having others see them is limited. The potential for notoriety and recognition, a key motivator for graffiti vandals, is directly impacted when the graffiti is quickly removed or buffed out.

In areas where the incidence of graffiti vandalism is low, cleanups may be a sufficient method to deal with the problem and maintain a satisfactory community image. In severely affected areas, cleanups are essential components of fighting the downward spiral of neighborhood deterioration.

B. Work Description - General Statement

The work consists of performing all operations concerning graffiti removal from various surfaces on private residential, commercial, industrial and public property within the assigned Zero-Tolerance Zone(s). The County's goal is to have no graffiti visible within the established zone, either on private property or County rights of way. It is recommended that the Contractor establish a route, but flexibility is necessary due to priority assignments. The Contractor must fulfill requests but must also patrol the assigned area, seeking graffiti not yet reported. Priority shall be given to County property and rights of way.

C. Telephone Communications

The Contractor shall be available at all reasonable times to report and confer with Public Works staff with respect to these graffiti removal services. Minimally, the Contractor shall provide a bilingual (Spanish/English) telephone answering service and FAX, within the County, from 8:00 a.m. to 5:00 p.m., Monday through Friday, except on legal holidays, to receive instructions, information, complaints, etc., from Public Works and the residents.

D. Supervisor Qualifications

The Contractor's on-site supervisor shall have a thorough knowledge of the needs of the assigned Zero-Tolerance Zone(s), these Specifications, Terms, Conditions and Requirements and must speak and understand both Spanish and English.

E. Vehicle Signage

The words in the following order: "Los Angeles County Graffiti Abatement Program" and the Contractor's Name or Firm's name, together with the Department's "Hotline Number," shall be printed in legible letters, not less than two inches in height, on both sides of all trucks used in the Zero-Tolerance Zone.

F. Work Priority

The Contractor shall log all graffiti removal requests. Response shall be in the following priority:

- (1) Requests from the Public Works Graffiti Program Manager;
- (2) Requests from the Public Works Hotline Operator;
- (3) Direct calls from Supervisorial District Staff; and
- (4) Direct constituent requests.

G. Graffiti Removal Services - General

The Contractor shall conduct the graffiti removal services as follows:

1. Remove graffiti from private residential, commercial, and industry structures, alleys, walls, mail boxes, light fixtures, driveways and County property and rights of way in the Zero-Tolerance Zone shown in Exhibit B (Zone Maps). Provide personnel, supervision, tools, supplies, materials, equipment, transportation and other incidentals necessary to perform the work.
2. Public Property: Where color-matching is specified, all paints used shall match existing colors to the satisfaction of the Graffiti Abatement Program Manager. The Contractor shall receive no additional compensation for repainting to match color.
3. Private property: Graffiti shall be removed using new and/or recycled water-based paint. Make the best possible match to the existing color. If residents/businesses request specific color, Contractor may provide labor as long as paint has been provided. Graffiti shall be removed using the appropriate methods specified in this Contract from walls, stucco, driveways, wood structures, etc.
4. These standards are basic. However, other standards may be developed and incorporated herein, as other graffiti surfaces are found.
5. Remove graffiti from all types of surfaces such as, but not limited to wood, metal, stucco, brick, concrete, cinder blocks, sidewalks, etc.

SCOPE OF WORK

6. Maintain a zero tolerance in the area shown in Exhibit B (Zone Map) by removing all graffiti within 48 hours, Monday through Friday.
7. Remove graffiti which is vulgar (i.e., profane, obscene or racist) within 24 hours, seven days per week.
8. Respond to Department Graffiti Program Manager priority assignments within 24 hours, seven days per week.
9. Remove graffiti within 24 hours from County property and rights of way, Monday through Friday.
10. Remove graffiti from private property within 48 hours when requested through the Department's hotline operator, supervisorial district staff or other sources, Monday through Friday.
11. Provide the Department with work record reports no later than the fifth day of each month. The monthly report shall indicate the number and source of crews utilized, hours worked, street addresses of each work site, square footage painted over or water blasted, gallons of paint used and the type of surface worked on. When graffiti is removed from County property, the report shall itemize the County property by, but not limited to light standards, parkway trees, traffic signs, etc.
12. Use appropriate methods of covering or removing graffiti for the particular surface and conditions, such as water blasting, painting over, chemical solvents, etc.
13. Use County-approved chemical solvents when removing graffiti from County property, such as street light poles, traffic signs, control boxes, etc. Any chemical solvents utilized to remove graffiti shall have a Material Safety Data Sheet available for Department inspection.
14. Use special paint for particular non-treated surfaces on County property such as light poles, underpasses, pedestrian tunnels, control boxes, etc., when requested to do so by the Department. Sage green color shall be used for control boxes and other special colors shall be used on County property as directed by the graffiti program and shall be repainted until color-matched to the satisfaction of the County.
15. Match the existing surface color when painting over or obscuring graffiti whenever possible. Paint shall be neatly feathered in all areas.
16. Use drop cloths on all work assignments to protect sidewalks, vegetation, etc., from paint spillage.

SCOPE OF WORK

17. For privately owned property, the Contractor shall obtain and retain the written consent of the owner or the owner's authorized agent before working on the property.
18. Maintain a sufficient number of crews to adequately provide the assigned graffiti removal tasks and maintain the Zero-Tolerance Zone.
19. Train personnel in proper graffiti removal techniques and provide corrective instruction to its personnel if they are removing graffiti improperly.
20. Not allow any debris from its operations under this Contract, especially from the water/sand blasting operations, to be deposited in the storm drains and/or gutters in violation of the National Pollutant Discharge Elimination System (NPDES).
21. Maintain a record/log of all requests and constituent complaints. Records will be available to the Department upon request. The complaint log shall include the action taken to resolve the complaint.
22. Assist Department with special requests (i.e., removal of graffiti before parades, community cleanups, etc.).
23. Graffiti found on commercial signage shall only be removed with the owner's/occupant's specific, written approval and with the owner's/occupant's understanding that the Contractor is not responsible, under this Contract, for replacing any original lettering, pictures, etc., on a commercial sign. With the owner's/occupant's approval, the Contractor shall proceed with diligence to remove the graffiti with as little damage to the commercial signage as is possible.

1. For graffiti removal from County-owned property, the Contractor shall use the following additional specifications:
2. Water-based and/or recycled paint shall be used.
3. Sidewalk surfaces: Removal of graffiti from concrete sidewalks shall be done by using a water blasting machine with soda compound. Painting over shall not be permitted. 11. Wooden Light Poles: Graffiti shall be removed using a water-based brown paint to match the wood color. All paper signs shall be removed.
12. Bus Stops: All graffiti shall be removed using a graffiti removal spray on the plastic sides and sitting areas. The surfaces shall be washed with water. If graffiti has been placed over advertisements, then paint matching the ads' colors shall be used to cover the graffiti. If the bench is a natural concrete color, a water blasting machine with soda compound shall be used and washed clean.
13. Trees: All graffiti on trees shall be removed by using a water blasting machine with a large spray tip so as not to damage or kill the tree by removing its bark.

Q. Liquidated Damages

1. In any case of the Contractor's failure to meet certain specified performance requirements, the County may, in lieu of other remedies provided by law or the Contract, assess liquidated damages in specified sums and deduct them from any regularly scheduled payment to the Contractor. However, neither the provision of a sum of liquidated damages for nonperformance or inadequate performance nor the County's acceptance of liquidated damages shall be construed to waive the County's right to reimbursement for damage to its property or indemnity against third-party claims.
2. The amounts of liquidated damages have been set in recognition of the following circumstances existing at the time of the formation of the Contract:
 - All the time limits and acts required to be done by both parties are of the essence of the Contract;

- The parties are not under any compulsion to Contract;

 - The liquidated sums specified represent a fair approximation of the damages incurred by the County resulting from the Contractor's failure to meet the performance standard as to each item for which an amount of liquidated damages is specified.
3. The Contractor shall pay Public Works, or Public Works may withhold from monies due the Contractor, liquidated damages in the sum of \$100 for each consecutive calendar day that the Contractor fails to complete work within the time specified unless otherwise provided in this Contract.

3. The Contractor shall allow the County representative access to its employment records during regular business hours to verify compliance with the provisions of this section when so requested by the County.
4. If the County finds that any of the above provisions have been violated, the same shall constitute a material breach of contract upon which the County may determine to cancel, terminate, or suspend this Contract. While the County reserves the right to determine independently that the antidiscrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated State or Federal antidiscrimination laws or regulations shall constitute a finding by the County that the Contractor has violated the antidiscrimination provisions of this Contract.
5. The parties agree that in the event the Contractor violates the antidiscrimination provisions of this Contract, the County shall, at its option, be entitled to a sum of \$500 pursuant to California Civil Code Section 1671 as liquidated damages in lieu of canceling, terminating, or suspending this Contract.

2. Any delegation of duties or assignment of rights, including but not limited to a merger, acquisition, asset sale and the like, shall be in the form of a subcontract or formal assignment, as applicable. F. Subcontracting

1. No performance of this Contract or any portion thereof may be subcontracted by the Contractor without the express written consent of the County. Any attempt by the Contractor to subcontract any performance of the terms of this Contract without the express written consent of the County shall be null and void and shall constitute a breach of the terms of this Contract. In the event of such a breach, this Contract may be terminated forthwith.
2. In the event the County should consent to subcontracting, each and all of the provisions of this Contract and any amendment thereto shall extend to and be binding upon and inure to the benefit of the successors or administrators of the respective parties.
3. In the event the County should consent to subcontracting, the Contractor shall include in all subcontracts the following provision: "This Agreement is a subcontract under the terms of a prime contract with the County of Los Angeles. No waiver of a breach of any provision of this Contract by either party shall constitute a waiver of any other breach of said provision or any other provision of this Contract. Failure of either party to enforce at anytime or from time to time, any provision of this Contract shall not be construed as a waiver thereof. The remedies herein reserved shall be cumulative and additional to any other remedies in law or equity.

SECTION 6

CONTRACTOR RESPONSIBILITY AND DEBARMENT

- A. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the proposed Contract. It is the County's policy to conduct business only with responsible contractors.
- B. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding on County contracts for a specified period of time not to exceed three years, and terminate any or all existing contracts the Contractor may have with the County.
- C. The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: (1) violated any term of a contract with the County, (2) committed any act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against the County or any other public entity.
- D. If there is evidence that the Contractor may be subject to debarment, Public Works will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
- E. The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a proposed decision, which will contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. If the Contractor fails to avail itself of the opportunity to submit evidence to the Contractor Hearing Board, the Contractor may be deemed to have waived all rights of appeal.
- F. A record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board will be presented to the Board. The Board will have the right to

EXHIBIT B: Service Contract General Requirements

- G. These terms shall also apply to subcontractors of the Contractor.

SECTION 7

COMPLIANCE WITH LIVING WAGE PROGRAM

A. Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program (Program) as codified in Sections 2.201.010 through 2.201.100 of the Los Angeles County Code, a copy of which is attached hereto as Form LW-1 and incorporated by reference into and made a part of this Contract.

B. Payment of Living Wage Rates

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not an "Employer" as defined under the Program (Section 2.201.020 of the County Code) or that Contractor qualifies for an exception to the Program (Section 2.201.090 of the County Code), Contractor shall pay its Employees no less than the applicable hourly living wage rate, as set forth immediately below, for the Employees' services provided to the County under this Contract:
 - a. Not less than \$9.46 per hour if, in addition to the per-hour wage, Contractor contributes less than \$1.14 per hour towards the provision of bona fide health care benefits for its Employees and any dependents; or
 - b. Not less than \$8.32 per hour if, in addition to the per-hour wage, Contractor contributes at least \$1.14 per hour towards the provision of bona fide health care benefits for its Employees and any dependents. Contractor will be deemed to have contributed \$1.14 per hour towards the provision of bona fide health care benefits if the benefits are provided through the County Department of Health Services Community Health Plan. If, at any time during this Contract, Contractor contributes less than \$1.14 per hour towards the provision of bona fide health care benefits, Contractor shall be required to pay its employees the higher hourly living wage rate.
2. For purposes of this Section, "Contractor" includes any subcontractor engaged by Contractor to perform services for the County under this Contract. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such

EXHIBIT B: Service Contract General Requirements

subcontract agreement and a copy of the Program shall be attached to the agreement. "Employee" means any individual who is an employee of Contractor under the laws of California, and who is providing full-time services to Contractor, some or all of which are provided to the County under this Contract. "Full-time" means a minimum of 40 hours worked per week, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than 35 hours worked per week will not, in any event, be considered full-time.

3. If Contractor is required to pay a living wage when this Contract commences, Contractor shall continue to pay a living wage for the entire term of this Contract, including any option period.
4. If Contractor is not required to pay a living wage when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exemption status" from the living wage requirement, and Contractor shall immediately notify County if Contractor at any time either comes within the Program's definition of "Employer" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately be required to commence paying the living wage and shall be obligated to pay the living wage for the remaining term of this Contract, including any option period. The County may also require, at any time during this Contract and at its sole discretion, that Contractor demonstrate to the County's satisfaction that Contractor either continues to remain outside of the Program's definition of "Employer" and/or that Contractor continues to qualify for an exception to the Program. Unless Contractor satisfies this requirement within the time frame permitted by the County, Contractor shall immediately be required to pay the living wage for the remaining term of this Contract, including any option period.

C. Contractor's Submittal of Certified Monitoring Reports

1. Contractor shall submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports shall list all of Contractor's Employees during the reporting period. The certified monitoring reports shall also verify the number of hours worked, the hourly wage rate paid, and the amount paid by Contractor for health benefits, if any, for each of its Employees. The certified monitoring reports shall also state the name and identification number of Contractor's current health care benefits plan, and Contractor's portion of

the premiums paid as well as the portion paid by each Employee. All certified monitoring reports shall be submitted on forms provided by the County, or any other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, Contractor shall promptly provide such information. Contractor, through one of its officers, shall certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

D. Contractor's Ongoing Obligation to Report Labor Law/Payroll Violations and Claims

During the term of this Contract, if the Contractor becomes aware of any labor law/payroll violations or any complaint, investigation, or proceeding ("claim") concerning any alleged labor law/payroll violation (including but not limited to any violation or claim pertaining to wages, hours, and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor shall immediately inform the County of any pertinent facts known by the Contractor regarding the same. This disclosure obligation is not limited to any labor law/payroll violation or claim arising out of the Contractor's contract with the County, but instead applies to any labor law/payroll violation or claim arising out of any of the Contractor's operation in California.

E. County Auditing of Contractor Records

1. Upon a minimum of 24 hours' written notice, the County may audit, at Contractor's place of business, any of Contractor's records pertaining to this Contract, including all documents and information relating to the certified monitoring reports.
2. Contractor is required to maintain all such records in California until the expiration of four years from the date of final payment under this Contract. Authorized agents of the County shall have access to all such records during normal business hours for the entire period that records are to be maintained.

F. Notifications to Employees

Contractor shall place County-provided living wage posters at each of Contractor's place of business and locations where Contractor's Employees are working. Contractor shall also distribute County-provided notices to each of its Employees at least once per year. Contractor shall translate into

EXHIBIT B: Service Contract General Requirements

Spanish and any other language spoken by a significant number of Employees the posters and handouts.

G. Enforcement and Remedies

1. If Contractor fails to comply with the requirements of this Section, the County shall have the rights and remedies described in this Section in addition to any rights and remedies provided by law or equity.
2. Remedies For Submission of Late or Incomplete Certified Monitoring Reports: If Contractor submits a certified monitoring report to the County after the date it is due or if the report submitted does not contain all of the required information, or is inaccurate, or is not properly certified, any such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:
 - a. Withholding of Payment: If Contractor fails to submit accurate, complete, timely, and properly certified monitoring reports, the County may withhold from payment to Contractor up to the full amount of any invoice that would otherwise be due, until Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including but not limited to being late, inaccurate, incomplete, or uncertified, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages in the amount of \$100 per monitoring report for each day until the County has been provided with a properly prepared, complete, and certified monitoring report. The County may

EXHIBIT B: Service Contract General Requirements

deduct any assessed liquidated damages from any payments otherwise due to Contractor.

- c. Termination: Contractor's failure to submit an accurate, complete, timely, and properly certified monitoring report may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.
3. Remedies for Payment of Less Than the Required Living Wage: If Contractor fails to pay any Employee at least the applicable hourly living wage rate, such deficiency shall constitute a breach of this Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:
- a. Withholding Payment: If Contractor fails to pay one or more of its Employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due to Contractor the aggregate difference between the living wage amounts Contractor was required to pay its Employees for a given pay period and the amount actually paid to the Employees for that pay period. The County may withhold said amount until Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.
 - b. Liquidated Damages: It is mutually understood and agreed that Contractor's failure to pay any of its Employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against Contractor liquidated damages of \$50 per Employee per day for each and every instance of an underpayment to an Employee. The County may deduct any assessed liquidated damages from any payments otherwise due to Contractor.
 - c. Termination: Contractor's failure to pay any of its Employees the applicable hourly living wage

EXHIBIT B: Service Contract General Requirements

rate may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

4. Debarment: In the event Contractor breaches a requirement of this Section, the County may, in its sole discretion, bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, not to exceed three years.

H. Use of Full-Time Employees

Contractor shall assign and use full-time employees of Contractor to provide services under this Contract unless Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing efficiency or County requirements for the work to be performed under this Contract. It is understood and agreed that Contractor shall not, under any circumstance, use non-full-time employees for services provided under this Contract unless and until the County has provided written authorization for the use of same. Contractor submitted with its proposal a full-time-employee staffing plan. If Contractor changes its full-time-employee staffing plan, Contractor shall immediately provide a copy of the new staffing plan to the County.

I. Contractor Retaliation Prohibited

Contractor and/or its employees shall not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person, or entity who has reported a violation of the Program to the County or to any other public or private agency, entity, or person. A violation of the provisions of this paragraph may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract.

J. Contractor Standards

During the term of the Contract, Contractor shall maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, Contractor shall demonstrate to the satisfaction of the County that Contractor is complying with this requirement.

K. Neutrality in Labor Relations

Contractor shall not use any consideration received under this Contract to hinder, or to further, organization of, or

EXHIBIT B: Service Contract General Requirements

collective bargaining activities by or on behalf of Contractor's employees, except that this restriction shall not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining agreement, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

SECTION 8

CONTRACTOR EMPLOYEE JURY SERVICE PROGRAM

A. Contract Subject to Jury Service Program

B. Written Employee Jury Service Policy

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.
2. For purposes of this Section, "Contractor" means a person, partnership, corporation, or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of \$50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of Contractor. "Full time" means 40 hours or more worked per week, or a lesser number of hours if the lesser number is a recognized industry standard and is approved as such by the County. If Contractor uses any subcontractor to perform services for the County under this Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a copy of the Jury Service Program shall be attached to the agreement.
3. If Contractor is not required to comply with the Jury Service Program when this Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for

EXHIBIT B: Service Contract General Requirements

4. Contractor's violation of this Section of this Contract may constitute a material breach of this Contract. In the event of such material breach, County may, in its sole discretion, terminate this Contract and/or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.
